

**EWB-Nashville Professionals**  
**General Meeting Minutes**  
**June 10, 2009**

1. Projects

- The 501 application for our program in Chapelton, Jamaica has been approved!
- Comments from EWB-USA on the project application were reviewed. Look for additional details on how everyone can assist with the project via email. Let Kimberly Martin or Darci Scherbak know if you want to help.
- We hope to have the Pre-Assessment forms filled out and returned to EWB-USA within the next two months and are tentatively planning the assessment trip in the fall.
- The Exec Committee reviewed the voting/input from the membership regarding how to address travel expenses. It was decided that all travelers will be responsible for their travel costs up to \$1000.

2. Fundraising

- T-shirts pre-sales are now closed. Extras will be ordered for those that forgot.
- Potential fundraiser of an alternate history party on July 18<sup>th</sup> was suggested. The fundraising committee and the executive board are evaluating the cost/benefit of this idea.

3. Lunches

- The possibility of changing lunch providers and/or stopping providing lunches were discussed. The group's consensus was to continue with lunches and that Panera was fine as long as it was not too much trouble on any one person.

3. Miscellaneous

- There will be no general meeting in July. Look for details on a social instead.
- Next general meeting:

**August 12, 2009**

11:30am – 12:30pm

Tennessee Engineering Center

(Adventure Science Center)

800 Fort Negley Boulevard

Nashville, TN 37203
